Good morning Mr Houston,

Eleni met with Mr Tsagakis yesterday. Although he does co-operate with Crete Coplete Properties he has no record of you & no papers for you. Did you speak with him face to face or was it all done through Crete Complete? He says he did not design this house, he does not know the plot, never applied for a permit, & never received a deposit. Did you send your deposit directly to him or via Crete Compleare Properties? Mr Tsagakis tried to help the best he could last night but he knew nothing. Have you any idea what may be happening? We checked to see if there was another architect with the same name but we did not find one. If you want to contact Mr Tsagakis direct his e-mail is tsagakis@telia.gr

Regards,
